

The Institution of
Engineering and Technology

Online Learning

Introducing professional development e-classes
and webinars for the global engineering and
technology community.

www.theiet.org/pd-online

We recognise that not everyone is able to attend face-to-face training sessions. For these reasons, we have developed a convenient solution. Live training e-classes and webinars to make these events accessible across the globe. The IET's online learning options focus on improving your soft skills, to complement your technical skills, so that you can reach your full potential in the workplace.

E-classes

Learn how to manage projects and lead people more effectively – whether you are leading a team, participating in negotiations or overseeing change. Our e-classes introduce you to recognised strategies, which you can take away and use in the workplace.

Free Webinars

Get an overview – and some tips – on fundamental tasks that you are likely to perform during the course of your career. These include giving presentations, managing your Continuing Professional Development (CPD) and revising your CV for impact.

In-Company Training

If you would like to organise an online learning event for a specific group, please contact pdcourses@theiet.org for a quotation.

Benefits of Online Learning

Our professional development e-classes and webinars can be accessed anywhere in the world with an Internet connection. Access from your PC in the office, at home, or on the go by downloading the Adobe Connect app on your mobile device (iOS and Android).

Please note: your service provider may charge you for your Internet connection

Our e-classes and webinars could contribute towards your Continuing Professional Development (CPD) as part of the IET's CPD policy.

Further details can be found at www.iet.org/cpd.
